WWW.CHILDHOME.COM

2020-1

Hi, we are Céleste, Hélène, Olivia and Auguste. We are the **grandchildren** of Nathalie & Stefan. Our grandparents are in the baby business for over 35 years. And gosh, do they know what babies need!

Looking back on **35 years of incredible success**, 35 years of development, design and growth, Mammy & Pappy have always kept true to their 4 core values of innovation, comfort, safety and last but not least passion.

Our grandparents and their wonderful team develop all their products to make our lives super easy. They really thought of everything! Relaxing nappy time? Check! Joyfully playing and much more? Double check!

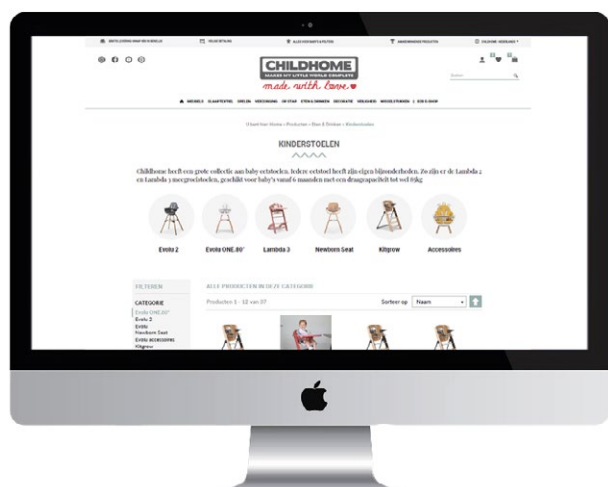

Of course they didn't just make these products for us. Our grandparents want to make all babies, toddlers and their parents very happy, so they distribute their products across **60 countries worldwide**. That's sweet, isn't it?

They are super passionate about **making your little world complete**. Together with their motivated team, they believe that **'your nursery should tell the story of who you are and be a collection of what you love'**.

We wanted to make sure that all fellow babies and toddlers can enjoy great products, so we already tested the entire new collection. And wowie, we are amazed! We are sure you will love it too. So take a brief moment to sit down and enjoy the new Mommy-zine of Childhome...

Love, xxx

Céleste, Hélène, Olivia & Auguste

We are launching a new website in March 2020. Visit **WWW.CHILDHOME.COM**, look up the product code or name and get more information about the product you like!

Now you can use the Evolu high chair from birth up to 6 years.

The Newborn seat is compatible with the Evolu 2 and the Evolu ONE.80°, so your baby can accompany you at the dining table or at the kitchen island. With our Evolu chair we opted to create a product that can be used for years. We thought about **design**, ergonomics, **safety** and functionality.

Nothing tougher than moving a high chair with a baby in it. Besides, it can cause dangerous situations. Therefore Childhome introduces the new Evolu ONE.80° high chair. The award winning Evolu chair comes with a **swivel function**. The swivel seat allows parents to place or feed their child in the seat in **3 different positions** without moving or lifting the entire chair. Easily pull the latch to click the chair in the next position towards the table, 90° clockwise or 90° counterclockwise relative to the table.

**ORIGINAL
DESIGN**
Copies are only copies...

Trendy 2-in-1 high chair with durable plastic seat and natural legs that can be adjusted to 2 table heights: standard dining table of 75cm and a children's table of 50cm. The simple assembly makes it **easy** to change the height. Equipped with a 5-point safety harness and a removable safety bumper. For children from 6 months up to 6 years old. The use of a high chair is recommended once your child is able to sit up independently. With the optional long legs, the high chair is adaptable to a kitchen island of 90cm. Also a **feeding tray**, adjustable in depth, is optionally available.

EVOLUX CHANGING TABLE

**ORIGINAL
DESIGN**
Copies are only copies...

The Evolux Changing Table, nominated for the **Kind + Jugend Innovation Award**, is the first designed changing table with **4 different heights**. Thanks to the wheels with brake system, the table is easy to move from one room to another. A bigger changing unit, higher barriers and a firm construction ensure it is safe for babies **up to 15 kg**. A 3-point safety harness with removable crotch was added so the baby is safe at all times.

EVOLUX CHANGING UNIT

Also new to the Evolux-collection is the Evolux Changing Unit. The changing unit has the same big, molded shell with higher barriers for more safety and durability. The Evolux Changing Unit has an adjustable fixing system, it can be placed on top of a cot bed and playpen. Now the diaper can be changed anywhere safely.

EVOLUX CRADLE

50x90CM

The Evolux Cradle has slanted legs and anti-skid feet to ensure an optimal stability. The slanted legs are a typical characteristic of all Evolux products. The breathable 3D-mesh crib ensures an optimal air circulation so the baby can enjoy a good and safe night rest. The cradle has a bigger size (50x90cm) so it can be used for a longer period of time.

MOMMY BAG

The iconic Mommy Bag created by Childhome has two new designs this year. Moms all over the world go wild for the Leopard print. The classy Leather Look is a timeless piece. Both new designs are available in a Mommy Bag, Mommy Clutch and Baby Necessities. On top of that there is a new neutral Leather Look Diaper Backpack which can be used by both mom and dad.

NEW

CWMBBLEO

From now on there is a bag for every member of the family! The new backpack for children, **My First Bag**, matches the big Mommy Bag perfectly. The new trendy **On-The-Go Banana Bag** is a handy and stylish accessory for active parents. It can be worn around the hips or shoulders, leaving your hands free. Last but not least, the **Family Bag** can be used by the entire family. The spacious bag keeps everyone's stuff safe during family activities. This makes the time spend together even more beautiful.

KITGROW

4 IN 1 KITCHEN GROW CHAIR

CONFORM TO EN 14988:2017

「ORIGINAL
DESIGN
Copies are only copies...」

The KITGROW grows together with the child and can be used up to 85 kg. On top of that, it has several amazing features to help new parents out at home. The new KITGROW 4-in-1 grow chair by Childhome can be used as a baby high chair, normal chair, bar stool and step ladder all in one. You can easily adjust the height of the seat and footrest without the use of screws. This saves a lot time and makes the chair easy to use for the entire family.

CABIN WHITE

The Cabin White nursery set creates a relaxing holiday vibe. Striking about the furniture is the original pointed roof. The room consists of a cot bed (70x140cm), a chest with three drawers and a 2-doors wardrobe. The **multifunctional wardrobe** can be used as a wardrobe with doors or as an open cupboard. In addition, it can also be placed over the cot bed to create a cosy cottage for the baby.

SAFETY

CONFORM TO EN 1930:2011

Parents worry endlessly about how to protect their children from violence, but many overlook one of the biggest threats to their children's safety and **well-being**, their own home.

The **most effective** way to ensure your baby's safety is to take a baby's-eye view of your home. Get down on your hands and knees and see how things look from down there. What's within reach? What looks tempting? Where would you go if you could crawl, toddle, or walk?

Use Childhome Safety Gates to help **prevent** falling down the stairs and to keep children from entering rooms and other areas with possible dangers.

Make sure you use safety gates that meet current **safety standards**. Our safety gates prevent that children can unlock the gate. They can be opened and closed **by adults** without difficulty.

When you bring your baby home from the maternity they need sixteen to seventeen hours of **sleep** each day. You need to make sure that they have a **safe** and comfortable environment to sleep in. A major part of this is choosing the **right** mattress for your baby.

Our organic fitted sheets consist of all **natural cotton**. This means the cotton, used for the fitted sheets, are processed using methods and materials that have a low impact on the **environment**. A lot of allergies can be caused by chemicals in cotton fibres, that's why we prefer organic cotton. For mattresses **50x90 cm, 75x95 cm, 60x120 cm and 70x140 cm**.

ADVENTURE TIME

The multiple strollers are great for big families, day care centres or nannies. From now on, they can safely transport multiple children simultaneously.

The new multiple strollers have a trendy **leather look** handle and safety bumper. The edges are finished with a **reflective strip** to increase visibility in the dark. The large shopping baskets provide the necessary storage. Smaller bags were added with **numbers that match the seats**. This way it is easy to remember which soother belongs to which child. And now the rear seats can recline independently, and they lay flat. This way the seats are suitable for small babies too.
